Widespread Sorrow.

Widespread Softow.

At the Hunt Club, at the residence of Mr. Forbes, and throughout Richmend generally the accident caused a depth of gloom and aroused the most profound sympathy and sorrow among all.

The young woman had been here but three weeks, but in the course of that time had won many warm friends and admirers. She was acquainted with many of the members of the club and had met many others, with whom she was upon terms of the most cordial and pleasant relationship. Miss James was a daughter of the late C. E. James, of New York, a well known member of the wall paper trust, in which corporation her father's brother held the office of president or some other prominent position. Her father died about three or four years ago. There were but two children, Miss James and her sister, Mrs. E. A. Morrison, of Ardsley-on-the-Hudson, Mrs. James has been living with her murried daughter. They spent some time at New York hotels, but had no fixed residence in the metropolis, A telegram was sent to the mother last night by Lleutenant-Governor Willard and Mr. Allen Potts, and she is now on her way to Richmond. The Hunt Club was in the midst of the preparations for its annual spring meet, which was to occur to-day. The accident of the mothers, and the preparations were at once stopped and the races declared off.

Bulk of Fortune Left to Brother's

Bulk of Fortune Left to Brother's

Wife—Looks Like Suicide.

(By Associated Press.)

BRISTOL. VA., May 13.—11 appears tonight that the late E. L. Wentz left a
will, written only a few days previous
to his death, in which he leaves nearly
his entire fortune to Mrs. D. B. Wentz,
wife by the brother with whom he was
to closely associated through the years
of their residence at Big Stone Gap. The
report that the will of Wentz had been
found, and that it bears a date only a
few days prior to his tragic death, lends
color to the theory of suicide, now firmly
believed by many of those most conversant with the facts. The fact that
the will had been discovered was first
made public to-day, but there is reliable
information to the effect that it was
found by his family some time since.
Naturally it was not published until his
death was established.

Mrs. D. B. Wentz, his brother's wife,
is said to be the chief, if not the sole
beneficiary under the will. A short time
previously Mr. Wentz had received a fortune of between two and three hundred thousand dollars by bequest from
nu uncle for whom he was named, and
it is this which passes by the will.

JAPANESE TORPEDO

(Contined rom First Page.)

In Deep Bay, discovered a Russian guard post on a mountain to the northwest of Robinson promontory, and destroyed it.

A Russian force, estimated at ten companies, took refuge behind an eminence, but it was dispersed by the Japanese.

Torpedo boats numbers 43 and 49 discovered a large mechanical mine in Kerr. Their various attempts to blow it up failed, and it suddenly exploded of itself, outting number 48 in two. The torpedo boat sank in seven minutes. The squadron hurried boats to the rescue and picked up the wounded. Three other mines were discovered and exploded. The squadron completed its operations at 6 o'clock in the evening and retired to its base.

(By Associated Press.)

NEW CHWANG, May 13.—Chinese bandits are committing depredations in the vicinity of Yin-Kow. Several rich natives who were kidnapped by them from New Chwang have been ransomed.

M. Pavloff, formerly Russian minister to Korea and the representative of Viceroy Alekieff, who is one of the best of Russian diplomats, is now in Pekin, and it is believed that he is endeavoring to persuade the Chinese government to persuade the Chinese government to take over New Chwang section. Japa-nese scouts were seen at a late hour yesterday seven miles southeast of Kal-

cannot be obtained, but it is known to be considerable.

The Russians are moving two regiments in and out of New Chwang for the purpose of creating the impression among the natives that they have a number of men here. Those two regiments comprise the only Russian force in this vicinity, the remainder of the troops formerly here being moved toward Mukden.

The belief prevalls here that the Russian authorities will soon move the Mukden forces in the direction of Harbin, and it is not thought that they will rist any fight on the Liao Tung Peninsula. As they retreat to the north the Russians are burning the railroad stations and food stuffs as they are unable to take with them. Much Chinese property has been destroyed.

The Chinese stocks of merchandise at New Chwang are the largest in Manchuria, being valued at \$0,000,000, and the local Chinamen are in fear that their property will be destroyed, when the Russian evacuation of New Chwang is complete.

Colonel Mucathe, military advisor to Yuan Shai Kai, sommander-in-chief of the Chinese forces, has returned to Percent and the property will be destroyed when the Russian evacuation of New Chwang is complete.

Colonel Muenthe, military advisor to Yuan Shai Kai, sommander-in-chief of the Chinese forces, has returned to Pekin. He would not talk as to the nature of his errand here.
United States Consul Miller has been permitted to receive cipher dispatches from Minister Conger, but he is not allowed to answer these messages in cipher. The censorship is adamantine. The railroad to Port Arthur has been repaired temporarily and a trainload of ammunition has reached there.

REPORT DENIED.

Japanese Government Denies Having Threatened Pekin Government.

(By Associated Press.)
ST PETERSBURG May 14-2:27 A. M.—
With regard to the report that the Japanese have threatened the Pekin government that they would occupy Chinese
territory unless the Chinese drove out
the Russians, the foreign office absolutely
denies that there has been any Russians denies that there has been any Russians in Chinese territory except opposite New

Chwang and Sin-Min-Ting, the terminus of the Chinese railread, and in view of the retirement from New Chwang, ne one knows the exact situation at those ports. The foreign office recognizes that the protection of foreigners at New Chwang must be provided for.

While it seems probable that the Chinese regulars will be asked to enter New Chwang, there is a suggestion here that perhaps an arrangement could be made by which the Japanese would occupy that place immediately after the withdrawal of the Russians.

JAPANESE EVACUATE.

Reported That They Left the Town of Kuan Yan

(By Associated Press.) LIAO YANG, May 13-The advance guard of the First Japanese army has appeared six miles below Lien Chen Kuan, on the road to Lino-Yang, it is not making any further advance, but is creeting strong fortifications. The Japanese movements were made with the greatest care.

movements were made with the greatest care.

A persistent report is current here that a Russian squadron of cavalry succeeded in getting behind the Japanese who were several squadrons strong and in occupying Kuan-Yan-San. The expected appearance of the Russians caused the Japanese to immediately evacuate the town and retire toward the Yalu. The report is believed to be correct. Professor Karavieff, who has arrived here on a train from port Arthur, asserts that he saw near Polandien station the body of a Russian soldier, one of the rallway pettrol, cut into quarters.

In a skirmish near Polandien, one of the patrol was wounded. On the Japanese approaching, the soldier feigned death and it is said a Japanese officer passing shot him in the mouth.

Colonel Elshen, who has returned from a reconnoissance of the district near the River Talisi, was attacked May Bth by Chinese bandits. One Cossack and two reporters were killed by the bandits, who were driven off.
